

Introduction

The Okumé wooden platform by SINED, designed and manufactured in Italy, is an elegant and practical solution for outdoor showers. This shower tray, with a diameter of 59 cm, combines refined aesthetics with exceptional robustness, ideal for gardens, terraces and other outdoor spaces such as spas and swimming pools.

Product features

Material

Okumé wood, which is used in production, is known for its light weight, weather resistance, and durability. It comes from sustainably managed African forests, ensuring that sourcing does not compromise local biodiversity.

Design

The footplate has been designed with a round design that not only adds an element of elegance, but also improves water drainage, keeping the surface dry and safe.

Treatments

The platform is treated with waterproof finishes that protect it from humidity, UV rays and insects, preserving its beauty and integrity over time.

Dimensions

Diameter: 59 cm

Installation

Ease of Installation

The installation of the shower tray is quick and easy, as it can be placed on any flat surface. Its light weight makes it easy to transport and handle, while its solid construction ensures stability and a long service life.

Maintenance

Regular cleaning

Clean the footplate regularly with water and a neutral detergent to remove dirt and residue, avoiding harsh chemicals.

Periodic Treatments

Periodically apply a protective oil or varnish to preserve its waterproof properties and protection against UV rays and insects.

Advantages of the Okumé Wooden Platform by SINED

Natural Aesthetics: Adds a touch of natural elegance to your outdoor space.

High Durability: Made of weather-resistant Okumé wood, it ensures a long service life.

Ease of Installation: Lightweight and easy to handle, it easily adapts to any flat surface.

Sustainability: The wood comes from sustainably managed forests.

Made in Italy: Guarantee of quality of materials and workmanship.

The Okumé wooden platform by SINED is an excellent choice for those looking for a product that combines refined design, functionality and sustainability, enhancing the outdoor environment with a touch of natural elegance. Its features of high durability, ease of installation and weather resistance make this product ideal for enhancing any outdoor space with style and practicality.
